## Company Overview

Welcome to Al-Jazirah Industrial Projects (JIP) General Trading & Contracting Co. W.L.L. where craftsmanship meets innovation, and dreams take shape in the form of enduring structures. As a leading force in the construction industry, we bring a legacy of excellence, Safety, commitment, and a passion for building spaces that inspire and endure.

At JIP, we are more than just builders; we are creators of environments that stand as testaments to quality and vision. With a foundation built on integrity and a vision aimed at the future, we have been delivering exceptional construction services for more than 10 years, shaping the industry and its community with our expertise.

We operate mainly in the Oil & Gas sector of Kuwait serving Kuwait Petroleum Corporation and its subsidiaries.

JIP is involved in detailed engineering, procurement and construction works. Our business verticals include Civil Works, Road Works, Earth Works, Mechanical Plant Piping Works, Structural Erection Works, Electrical & Instrumentation Works, Insulation, Painting, Fireproofing, Refractory and Scaffolding Services.

We are proud to have collaborated in several major projects with EPC Companies like Petrofac Limited, Larsen and Toubro Limited, Saipem S.p.A, Hyundai E&C, Dodsai E&C Pte Limited, Veolia, Honeywell International Inc., Sinopec Corporation, Jereh Group, Air Liquide E&C, United Steel Industrial Co., Kuwait Cement Company & Petroleum Coke Industries Company.

## VISION, MISSION & VALUES

### VISION

To become a large sized EPC company in Kuwait achieving a turnover in 8 figures in the next 5 years.

### MISSION

To timely deliver projects to clients with utmost levels of satisfaction without compromising safety and quality.

### VALUES

- Teamwork
- Centralized Decision Making
- Commitment
- Health & Safety
- Relationship
- Flexibility
- Compatibility
- Quality

**Balvinder Singh**

At the helm of Al Jazirah Industrial Projects General Trading and Contracting Co. guiding its strategic vision and fostering a culture of excellence, is Mr. Balvinder Singh, our esteemed Chief Executive Officer. With an illustrious career marked by leadership, innovation, and a relentless commitment to success, Mr. Singh is a driving force behind the company's growth and prominence in the Oil & Gas Sector. With a background in Mechanical Engineering, he possesses over 43 years of experience in the Construction Industry spanning across two continents. Previously he held key leadership positions in renowned companies such as Dodsall Engineering and UB engineering, demonstrating a keen ability to navigate complex challenges and drive strategic initiatives that yielded tangible results. His wide range of knowledge in the fields of engineering, procurement, planning, execution, administration, and finance make him an all-round leader.

**Mohammad Al – Ansari**

Al-Jazirah Industrial projects General Trading & Contracting Co. proudly stands under the guidance and stewardship of Mr. Mohammad Al-Ansari, a luminary in the industry and our esteemed Chairman. With a rich history of leadership and a commitment to excellence, Mr. Ansari provides invaluable insight and strategic direction, steering the company towards new horizons. With a bachelor's degree in finance, he has over 22 years of experience in the banking, power, and oil sector. Prior to his position as Chairman of Al Jazirah Industrial Projects Mr. Ansari has worked with the Central bank of Kuwait and O&G WLL in Kuwait. Over the years he has demonstrated unwavering commitment to driving growth, cultivating a strong corporate culture, and achieving operational excellence.

**Mansour Al Shawaf**

At the core of our dynamic and forward-thinking HR and Administration division, Mr. Mansour Al-Shawaf excels as our esteemed Administration Manager. With an illustrious career spanning over 40 years, Mr. Al-Shawaf's expertise in the oil and gas sector is unparalleled. His tenure encompasses more than 20 years at Kuwait Oil Company, where his strategic leadership and initiatives were pivotal in reinforcing the company's dominant position and growth in the industry. Following this, Mr. AlShawaf further enriched his commendable portfolio with a decade of transformative leadership as an HR manager at KDC Oil Production Chemicals Company. There, his innovative HR strategy and management skills were instrumental in driving workforce excellence and organizational development. Mr. Al-Shawaf holds a bachelor's degree in industrial engineering and maintenance. Before his significant roles in the oil and gas industry, he was at the forefront of the agency for HINO Trucks "Japan" in Kuwait. The breadth of Mr. Al-Shawaf's experience, underscored by his unwavering work ethic, positions him as an indispensable cornerstone of our company.

## QUALITY POLICY

Al Jazirah Industrial Projects General Trading & Contracting Co.

### QUALITY POLICY

Al Jazirah Industrial Projects (JIP) is self driven organization that is committed to ensure the highest quality services to meet its Customer's needs through greater coordination, increased productivity and continuous improvement of the integrated management system.

**For this purpose, Al – Jazirah Industrial Projects aims at:**

- Meeting the expectations of the Customers by ensuring complete compliance to contractual obligations and fostering healthy Customer relations.
- Creating a work culture that simulates, involves and integrates the work force at all levels for continuous improvement and innovation in every functional area of business by providing appropriate training at all levels in the company.
- Undertaking appropriate reviews and evaluations to measure the quality assurance performances against identified objectives and targets, while ensuring the compliance with this policy.
- Complying with all applicable local or international laws and regulations.

Al Jazirah Industrial Projects will continually seek to improve the effectiveness of its integrated management system, conforming to the requirements of ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 to provide greater satisfaction to Customers with excellence. The Quality Policy is cascaded down the line in the organization to increase the awareness among employees.

Quality Policy shall be applicable to all projects of Al Jazirah Industrial Projects Company.

**MOHAMMED AL ANSARI**  
**CHAIRMAN**

Date: 19 January 2023

Al Jazirah Industrial Projects General Trading & Contracting Co.

### HEALTH, SAFETY & ENVIRONMENT POLICY

Al Jazirah Industrial Projects (JIP) considers HSE as one of the priorities in the company business. Directors and Employees believe that no part of its business objectives can be achieved successfully if not performed safely. Therefore; the prevention of the incidents/ accidents either related to personnel injury or, property damage and/or loss of Company's assets, pollution control and preservation of natural resources are considered to be high priority objectives.

**For this purpose, Al – Jazirah Industrial Projects is committed to:**

- Conducting specific and realistic day to day operational measures to protect its personnel and any other related party/partner.
- Promoting, integrating and maintaining HSE Aspects in all company operation. Apply reduce, reuse & recycle methodology during the waste generation in order to prevent adverse environment impacts.
- JIP's Top Management shall guarantee to meet the required standard of Health Safety & Environment performance in compliance with the customers guide lines, Kuwait Environmental guide lines/ Laws and International requirements in compliance with ISO 45001:2018, ISO 14001:2015, ISO 9001:2015 etc.
- JIP's Top management shall ensure that all the sub-contractors are complying with Company's HSE requirements and procedures in order to support a safe work environment.

The continual improvement and implementation of HSE Policy, objective and procedures will be periodically monitored, reviewed, updated and communicated to all personnel working under our control to ensure that the set standards are maintained.

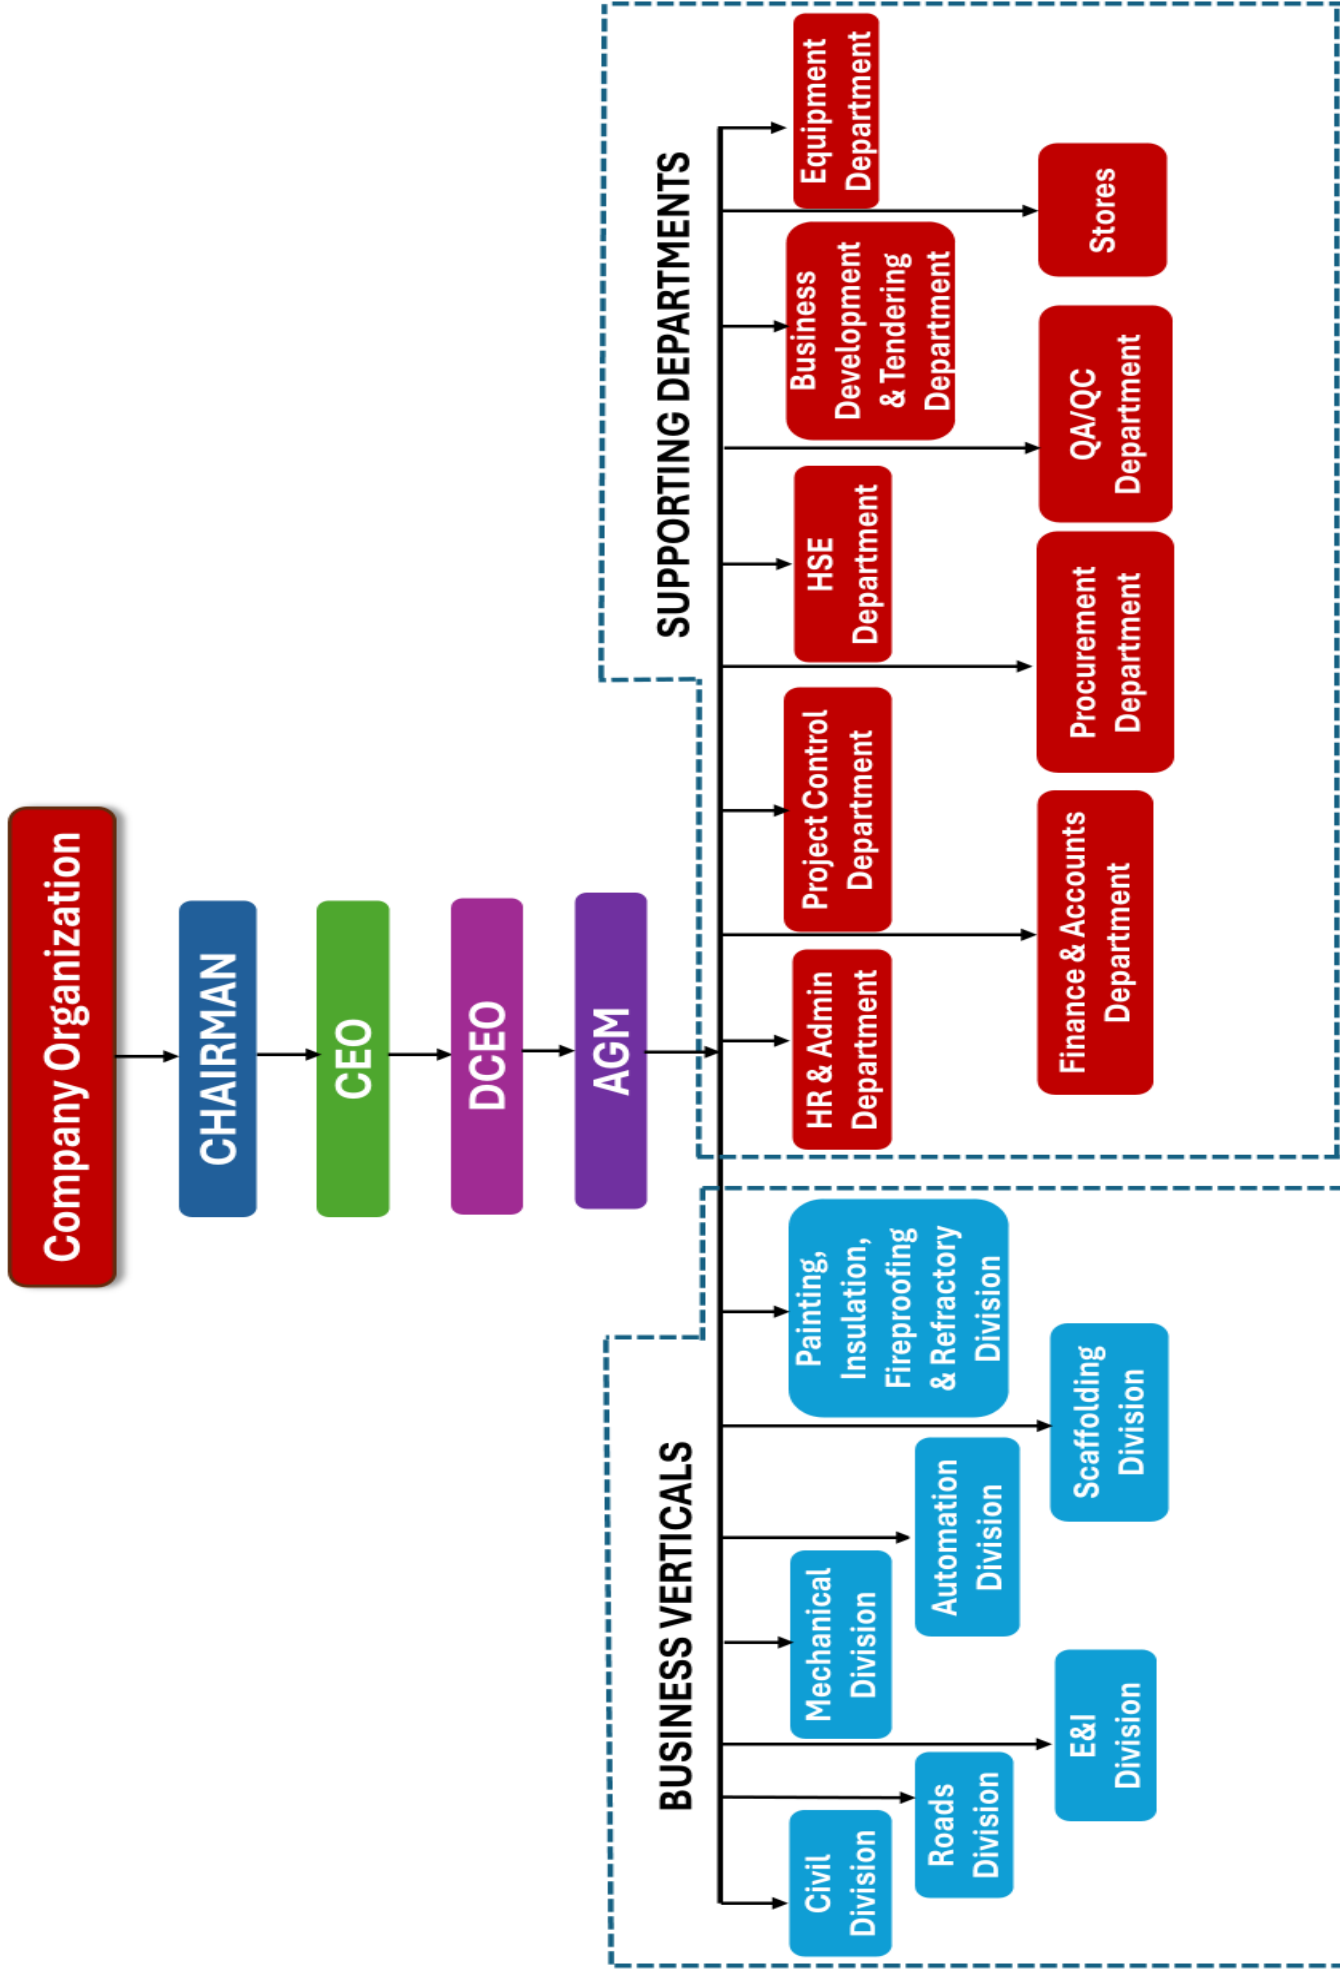

HSE Policy shall be applicable to all projects of Al Jazirah Industrial Projects Company.

Date: 19 January 2023

**MOHAMMED AL ANSARI  
CHAIRMAN**

## Civil Division

JIP has a robust civil division capable of executing a wide variety of works ranging from Burn pits, landfills, Pipeline civil works, specialized refractory works, Blast proof buildings, land development works, roads, warehouses, and hangars. As a cornerstone of our organization, this division is committed to delivering excellence in every project, setting new standards in quality, safety, and sustainability.

With a fleet of more than 400 earthmoving, hauling, lifting and other specialized assets, JIP is equipped to handle any large-scale civil project.

Our key strengths include dedicated and highly trained engineers and supervisors with more than 10 years of experience in the industry, spearheaded by a Division Director with more than 30 years of experience at his disposal. Our team of skilled professionals possess the knowledge and experience to turn ambitious visions into reality. Our commitment is not only to construct structures but to create legacies that stand as testaments to durability and precision.

In Kuwait, JIP has executed civil works in Lower Fars Heavy Oil Development Project, Jurassic Production Facilities 4 & 5, Gathering Centers 29, 30, 31 & 32, Soil Remediation Projects in South Kuwait, construction of various hangars for Kuwait Oil Company and is currently executing a 800 vehicle solar panel powered car park for Kuwait National Petroleum Company.

## Electrical and

## Instrumentation Division

Welcome to the nerve center of innovation and precision -JIP's Electrical and Instrumentation Division. With a commitment to excellence, safety, and technological advancement, our division provides comprehensive electrical and instrumentation solutions that drive progress across diverse industries. Our E&I Division professionally deals with various aspects of engineering, procurement, construction, testing & commissioning works for Oil & Gas, Petrochemical, Industrial and Commercial Sectors.

Our E&I division is well equipped to handle works such as erection and commissioning of Transformers, Motors, switchgears, industrial lighting, electrical control panels, laying and termination of power cables.

We are well versed in solar system, Telecom systems, public address system, Security & Access control system, CCTV system, Fire Alarm system and process instrumentation.

The key strengths of our E&I team include the senior engineers and project managers who have been retained by the management since its inception. Such experienced personnel add value to the company hierarchy and deliver projects to clients in a timely manner.

## Mechanical Division

With a legacy built on innovation, reliability, and expertise, JIP's mechanical division stands as a pioneer in the realm of mechanical construction, delivering cutting-edge solutions across diverse platforms.

Our mechanical division is a leader in designing, installing, and maintaining heating, ventilation, and air conditioning systems that create comfortable and efficient environments. From intricate piping solutions to comprehensive plumbing installations, our expertise extends across a spectrum of mechanical systems.

Our key strengths include various capacities of lifting equipment along with highly experienced riggers. Our manpower has certifications to weld various types of metallurgy ranging from carbon steel to super duplex stainless steel. We are also well equipped to handle reinforced thermosetting resin piping and glass reinforced piping and High-Density polyethylene Pipes.

JIP's mechanical division proudly executes annual plant shutdown activities for Kuwait Cement Company, Petroleum Coke Industries Company, and United Steel Industries company.

## Fireproofing, Painting, and Insulation Division

JIP adheres to the latest approved practices in Fireproofing and painting inside oil fields and refinery areas with specialized equipment imported from overseas.

Our key strengths include certified spray painters who can conscientiously work with utmost client satisfaction. Our advanced intumescent coatings act as a shield, expanding when exposed to heat to form a protective barrier against flames and high temperatures. Utilizing industry-leading materials, our spray-applied fireproofing services provide reliable protection for structural elements, preventing the spread of fire. We offer specialized sealant applications to ensure that joints, gaps, and penetrations are effectively sealed, preventing the passage of fire and smoke.

Our team of experts is available for comprehensive project requirements and inspections to assess client fireproofing needs and recommend tailored solutions.

## Scaffolding Division

JIP boasts a vast stock of scaffold materials, encompassing more than 2 million cubic meters deployable at any given time to meet the client's requirements.

We specialize in designing and engineering customized scaffolding solutions tailored to the unique requirements of each project, ensuring optimal support and access.

Our division provides a comprehensive range of scaffolding for rent, along with expert installation services, allowing for efficient and safe construction processes. We conduct thorough safety inspections and ensure compliance with industry regulations, prioritizing the well-being of workers and the success of the project.

From commercial developments to large-scale industrial projects, we offer project-specific access solutions that streamline construction activities and enhance productivity.

## Refractory Services

At JIP we take pride in the depth of expertise embedded within our Refractory Services. Our team of skilled professionals is dedicated to understanding the unique challenges of high-temperature operations and providing tailored solutions that withstand extreme conditions.

Our specialized team excels in the installation and repair of refractory linings for furnaces, kilns, incinerators, and other high-temperature vessels, ensuring longevity and efficiency.

The Refractory Services at JIP thrive on innovation and cutting-edge technology. We continually explore new advancements, ensuring that our refractory solutions leverage the latest materials and techniques for superior performance. Safety is paramount in our operations. Our commitment to adhering to industry safety standards and regulations is unwavering, ensuring the protection of our team and the integrity of every project.

## Landfill Construction & Geosynthetic Materials Lining Works

As Kuwait grapples with increasing amounts of waste, the need for responsible and effective landfill construction has become paramount. Recognizing this demand and the opportunity to contribute to sustainable waste management, JIP proudly introduces its Landfill Construction Division. With a commitment to environmental stewardship, regulatory compliance, and community engagement, our division aims to set new standards in landfill construction while promoting a greener future.

JIP has enhanced capability & resources for excavation, disposal, transportation of soil, spreading & compaction for associated with landfills. Further, JIP has all resources required for supply & installation of Geosynthetic Clay liner, HDPE Geomembrane, Geo composite Drainage Layer & Geotextiles. JIP has HDPE membrane & pipe welders trained & certified by The Welding institute, UK. JIP also owns all equipment for installation and for conducting destructive/non-destructive tests.

## Automation Division

We at Al Jazirah Industrial Projects General Trading & Contracting Co. W.L.L (JIP) provide Turnkey Automation solutions from Design to start-up. Our key services include Control Philosophy, FDS, Drawings, Cable selection, Test Plan, commissioning procedure and Operation & maintenance manual based on client requirements.

Al Jazirah Industrial Projects is a one stop solution center for all your automation needs ranging from DCS/ ICS, ESD, FGS, SCADA & Telemetry, PA, Lan-Tel System, Security System, Instrumentation, FOC.

The Al Jazirah Industrial Projects automation's technical service division can take on service call requirements for all PLC/SCADA/ Drives. The Automation and Infrastructure division has completed various projects in Kuwait.

JIP is available throughout the whole cycle from Design, Engineering, installation, testing & commissioning. Our support includes everything from service and maintenance of all our systems to spare parts and full retrofit installations. We work in close co-operation with our customers and users to know their needs and requirements.

## EXTRA LOW VOLTAGE

Our expertise in Smart technologies enables us to offer complete ELV and AV solutions for the projects. We are able to deliver a seamless integration of all your ELV and AV systems, providing you with reliability, electrical safety, cost efficiency and environmental advantages.

We are constantly evaluating our product range to ensure. We are bringing a comprehensive, best-in-breed and customized solutions. Some of the specific solutions we provide, include:

ELV Systems:

- Public address and Voice alarm systems
- BMS systems.
- Audio Visual systems
- Intercom systems
- Lighting control systems
- UPS systems
- Structured cabling with intelligent solutions
- Active switches, Wi-Fi & IP technology
- Addressable Fire Alarm System

MCC Panel at JPF3

DCS Panel at JPF3

Telecom Cabinet at KCC

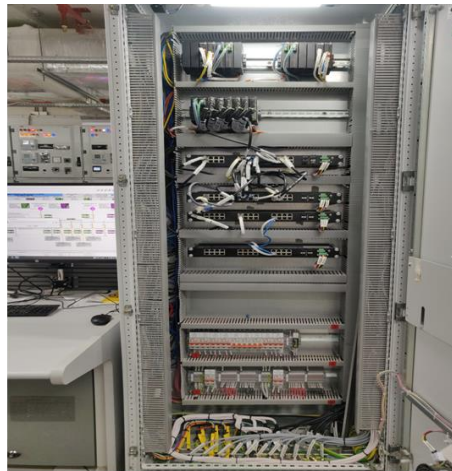

## Automation Division

The Al Jazirah Industrial Projects automation's technical service division has the capability to take on AMC & Retrofit contracts for PLC, SCADA, LV/MV VFD, LV/MV Soft Starters, DCS Systems.

- Spare Part Management & Procurement
- Emergency Shutdowns
- Preventive Maintenance
- Emergency and Engineering Service
- Drives Repairing

DCS Panel at JPF5

UPS Panel at Hanger-1

Fire & Gas Separation System at JPF3

## شهادة تسجيل وتصنيف

يشهد فريق عمل التأهيل المركزي بأن السادة / شركة الجزيرة اندستريل بروجيكتس للتجارة العامة والمقاولات ذ م م، الكويت، تعتبر شركة مسجلة برقم [K-843] ومصنفة كما هو موضح في الآتي:

☐ مصنع

☒ مقاولات

تصنف كشركة:

التأهيلات والاعتمادات:

☒ الشركة غير معتمدة تحت أي من فئات المصانع التي تخصص فريق التأهيل المركزي.

☒ الشركة معتمدة كمقاول تحت الفئات التالية كشركة مقاولات التي تخصص فريق التأهيل المركزي:

Kuwait Petroleum Corporation Pre-Qualifications

## PMV DIVISION

Welcome to the powerhouse of JIP's operations – the Plant, Machinery, and Vehicle Division. As a leader in the industry, our division provides cutting-edge solutions for all site requirements. With a focus on innovation, efficiency, and reliability, we ensure that your projects are powered with the best-in-class equipment and vehicles.

From renting heavy machinery to specialized equipment, our division provides a comprehensive range of plant solutions tailored to the needs of the industry.

We offer end-to-end fleet management services, ensuring that your vehicle fleet operates at peak efficiency with services ranging from acquisition to maintenance and disposal. Our skilled technicians ensure the optimal performance of machinery through regular maintenance programs and timely repairs, minimizing downtime and maximizing productivity.

At the core of JIP's financial strength and operational resilience lies our robust and diversified asset base. As a dynamic and forward-thinking entity, we recognize the strategic importance of cultivating a portfolio that not only safeguards our financial health but also propels us toward sustainable growth and prosperity.

13. SPETCO INTERNATIONAL PETROLEUM COMPANY
14. UNITED STEEL INDUSTRIAL CO. (KSCC)
15. VEOLIA KUWAIT

## AGENCY AGREEMENTS

### 1. M/s. PENTA GLOBAL, ABU DHABI

Piping Erection Works

### 2. M/s. IZZ OMAN ENGINEERING LLC, SULTANATE OF OMAN

Engineering, procurement and construction of large diameter steel storage tanks as per (API650, AWWA-D100, BS-EN14015, BS-EN12285-2)

### 3. CORROSION TECHNOLOGY SERVICES MIDDLE EAST LLC

Cathodic Protection Systems, Engineering Services, Materials and Equipment Supply.

### 4. HITACHI HI-REL POWER ELECTRONICS PRIVATE LIMITED

(The 100% subsidiary company of Hitachi, Japan)

Manufacturer of Industrial UPS, IT & Infra UPS, Medium & Low Voltage Variable Frequency Drives, Grid Tied Solar Inverters, Air Compressors and Railway Inverters.

### 5. MACTEK SOLUTIONS

Technology Partner for Electrical, Automation, Energy Management Systems.
